I just heard back from Michele Dermer and DOGGR received more comments. Region 9 is waiting for the AE submittal. The December DOGGR meeting was cancelled, and the next meeting with DOGGR is Jan. 21.

Hi Ron and Holly,

No AEs have been submitted to Region 9 yet. I believe an official package is expected any day for Arroyo Grande (combination of disposal and EOR wells). The second public comment for the Arroyo Grande AE application ended in mid-December, and I am not sure if Region 9 received any updates on whether there were any additional comments.

Other packages are in the pipeline, but not sure when to expect those (most likely not until late spring or summer 2016). DOGGR has a new "head" – Steve Bohlen resigned after Thanksgiving. I am not sure if the new person in charge will need to be brought up to speed on everything, which may hold up the package. I can talk to Michele and David and see if there is any news.

Thanks,

Lisa

Welcome back Lisa! Do you still have your finger on the pulse of Region 9? Do you know the latest on CA AEs?

Thanks
